

## ART DIFFUSOR<sup>®</sup> NOUVEAU<sup>™</sup>

ArtDiffusor<sup>®</sup> Nouveau<sup>™</sup> is the latest in the line of diffusive building materials from Acoustics First<sup>®</sup>. These versatile wood diffuser planks provide numerous options for customizing and optimizing acoustics for architectural and critical listening applications. A quadratic diffuser by design, the robust profile's acoustic performance is matched by its aesthetically pleasing appearance.

Two ArtDiffusor<sup>®</sup> Nouveau<sup>™</sup> planks can be installed abutted, side by side, to create seamless 2'x4' quadratic diffusers in either a 'convex' or 'concave' configuration. For larger architectural applications, many pieces may be abutted to create a 'rolling' pattern with both convex and concave quadratic effects in a single array.

### CONSTRUCTION:

**Nouveau:** Organic Quadratic Diffuser  
**Size:** 11.25" x 48"  
**Depth:** 2.75"  
**Weight:** 25 pounds  
**Mount:** Wall  
**Material:** Natural wood (Unfinished)

**Typical Wood:** Poplar

**Bandwidth:** 1.5 KHz to 16 kHz

**Applications:** Recording & Broadcast Studios  
Live Music Venues  
Practice/Rehearsal Rooms  
Theaters & Auditoriums  
Home Entertainment Rooms  
Houses of Worship & more!

*\*Note: Diffusion data available upon request*

*\*Note: Pricing varies based on current market value of wood and labor. A quotation can be provided based on the specific quantities your project requires. Custom manufactured from natural organic material. Color and wood grain fluctuate and are distinct to each order.*
